## CERTIFIED BASIC CHAINSAW SAFETY, OPERATION, & MAINTENANCE WORKSHOP

---

**FROM:** MARITIME COLLEGE OF FOREST TECHNOLOGY

**SUBJECT:** 3-DAY WORKSHOP: June 18<sup>th</sup> to 20<sup>th</sup>, 2019

---

The Maritime College of Forest Technology's, Department of Continuing Education is pleased to offer our **Certified Basic Chainsaw Safety, Operation, & Maintenance Workshop**.

The College has a long history of training professionals in safe and efficient methods of chainsaw operation. Our clients include the forest industry, governments, military, First Nations, community colleges, and land owner groups. Our focus is on developing safe & efficient skill through 'hands-on' training.

The instructor, Mike Boucher, has over 30 years' experience in providing basic chainsaw safety and use. His easy-going manner and ability to relate to all learning levels prove very effective in all training situations. As in all Continuing Education courses, safety is the first and foremost objective.

Participants are encouraged to bring their own saw and safety equipment (chainsaw pants, chainsaw boots, safety ear and eyewear protection and gloves). All maintenance can be performed on the participants saw resulting in a safe and well performing saw. If you cannot provide your own saw or equipment MCFT has them available for rent for the course.

Please note seats are limited, so please apply early. Companies and organizations can purchase the entire course – please call us for details. Custom brushsaw training is also available.

If you have any questions or wish to reserve a seat on this or any other course, please call (506) 458-0649.
